Graded Agency:

NASA is again proud to have achieved an "A" on the Fiscal Year 2013 (FY13) Small Business Administration (SBA) Scorecard. This is the second year in a row NASA received an "A". NASA awarded approximately \$2.8 billion directly to small businesses and another \$2.29 billion through subcontracts from our major suppliers. We are also proud that in the last five years of shrinking budgets, NASA has actually increased the dollar amounts awarded to small businesses. NASA is still challenged to achieve its goals for Women Owned Small Businesses (WOSB), Service-Disabled Veteran-Owned Small Businesses (SDVOSB), and HUBZone small business concerns. NASA continues to work on new initiatives to reach these small business categories. All NASA small businesses play an important role in assisting us in realizing our missions.
